WHEREAS, the Willows Unified School District filed an application for modernization funding in August 2018 with the Office of Public School Construction for approval by the State Allocation Board to appropriate funding for the restroom replacement project at Willows Intermediate School; and

WHEREAS, the Willows Unified School District has completed the restroom replacement project at Willows Intermediate School, which comprised of the replacement of an older 360-square foot restroom building with a new 960-square foot restroom building, in order to meet American with Disabilities Act code requirements in effect at the time of the project approval by the Division of the State Architect; and

WHEREAS, the Willows Unified School District acknowledges that in order for the project to be eligible as like-for-like replacement under the School Facility Modernization Program, the existing original facilities being replaced must be demolished within four years following the release of state funds for this particular project; and
