AGENDA TOPICS: School Accountability Report Card (SARC) for WHS

PRESENTER: Scott J. Booth

BACKGROUND INFORMATION:

School Accountability Report Card

In November 1988, California voters passed [Proposition 98](#), also known as *The Classroom Instructional Improvement and Accountability Act*. This ballot initiative provides California's public schools with a stable source of funding. In return, all public schools in California are required annually to prepare School Accountability Report Cards (SARCs) and disseminate them to the public. SARCs are intended to provide the public with important information about each public school and to communicate a school's progress in achieving its goals.

This document is the annual update of the School Accountability Report Card (SARC) for Willows High School.

Please note that the 2022-23 school year data for Tables 6 and 7-Teacher Preparation and Placement, Table 8-Teachers Without Credentials and Misassignments, Table 9- Credentialed Teachers Assigned Out-of-Field, and Table 10-Class Assignments are not available at this time. For active public schools, we anticipate that the 2022/23 school year data for Tables 6, 7, 8, 9 and 10 will be available **after** the February 1 posting due date and will not be editable. Nonpublic nonsectarian schools are expected to input their information in the teacher data tables since the CDE does not have access to these data for these school types. We encourage all schools/LEAs to post their Board approved 2022-23 SARCs by February 1 without the aforementioned data tables. A second Board review/approval of the 2022-23 Teacher data, once populated, is not required.

Information about the SARC, including the blank template and data definitions, are available on the SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>. For further information regarding the SARC Web Application, please contact the SARC Team by email at sarc@cde.ca.gov.

RECOMMENDATION:

School Accountability Report Cards

Annual approval of the SARCs is required by the state.

Thank you!

2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Willows High School is a four-year, comprehensive high school. It is located in Glenn County in the Northern Sacramento Valley. Willows High School is one of four schools in the Willows Unified School District with an approximate enrollment of 438. Willows High prides itself in preparing students for several different avenues beyond high school.

Willows High School was granted a six year WASC accreditation in 2018 with an extension granted in 22-23 for one year to the 24-25 school year. WHS prides itself in preparing students for several different avenues beyond high school. The many Career Technical Education Programs offered at the school provides students options for career pathways.

There is a full slate of athletic teams from junior varsity to varsity sports for both males and females to participate in at Willows High School. These include football, volleyball, swimming, cheer, tennis, cross country, basketball, wrestling, soccer, track, golf, baseball and softball. The high school is under the direction of the Northern Section of the California Interscholastic Federation. In addition to the athletics program, there are clubs and leadership organizations such as Key Club, Our Minds Matter, FCCLA, Friday Night Live, S.W.A.T. (Students Working Against Tobacco), Future Farmers of America, California Scholastic Federation, FCA, Willows High School Music Club, Interact Club, and the Multicultural Club.

In a parent survey, the parents indicated they feel a sense of involvement, feel welcome and they support the school and its goals. There are three active parent/community support organizations, the Music Boosters, FFA Boosters, and the Willows High School Boosters. All three organizations provide invaluable assistance in the operation of the athletic, agricultural, and music programs. Each year the Willows High Boosters' club donates approximately \$20,000 to programs that directly help our students. Also, each year the parents of the seniors organize a Sober Grad Night. In 2023, over \$100,000.00 was distributed in scholarships from the many local organizations and service clubs to our deserving graduating seniors. We continue to improve and upgrade our access to the world of knowledge via computer technology for our staff and students. We are preparing to meet the challenge of our changing local student population and the curricular changes that are being implemented by the school board, the State Department of Education and the Governor. We are committed to providing the best education possible for all our students in a safe, inviting atmosphere designed with our students' success in mind. Our goals that we strive for at WHS are establishing a high performing school culture with quality teaching and learning, providing access to grade level classes, making sure students are enrolled in college or academic/CTE aligned course sequences, and developing and maintaining a systematic method for partnering with students, parents, and community resources to improve student engagement. Willows High School offers all students the ability to be A-G and college or career ready at graduation.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Based on requirements from the Williams Legislation, all students are to have the most current textbooks and the textbooks must be aligned to the standards. In all core curriculum areas, the most current, standards aligned textbooks have been purchased and every student has a textbook or an electronic version of the textbook used in the courses.

School Facility Conditions and Planned Improvements

Willows High School prides itself in being a safe, clean, well-kept campus. We have two full-time custodians that clean the school on a daily basis with the restrooms being cleaned daily. District-wide maintenance and grounds personnel are available to all schools in the district, providing well-groomed landscaping and ensuring that the facilities are always in operational order.

In the summer of 2023, the district upgraded the flooring in the 200, 400 wings and are currently updating the intercom/clock system at the High School slated to be done in Spring of 2024. We have added a brand new Staff room complete with new restrooms, seating and refrigeration. Our district is committed to technology and providing resources and tools for our students in the means of technology funding, the students are on a four year rotation for upgraded technology needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	21	24	17	18	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents have many opportunities to become involved in their child's education: In the 22-23 school year WHS held, Community Career Day, Back to School Night, Project Night/Open House, Willows High Booster Club, FFA Boosters, Music Booster Club, School Site Council, English Language Advisory Committees, and as a Parent Volunteers in the classroom and through the many clubs on campus. Our district has also created a parent engagement team with two bilingual employees reaching out to our community daily. We have multiple communication avenues for parents, Facebook, Instagram, and Parent Square.

Please contact the school principal, Julie Carriere at 530-934-6611, to find out how you can participate.

2023-24 School Safety Plan

An extensive school safety plan, updated annually, in accordance with SB 187, has been developed and implemented. This plan includes the following emergency procedures: traumatic incidents, imminent danger procedure-Code Red, evacuation/relocation procedure, civil defense/disorder, bomb threat/bomb emergency, earthquake, chemical spill, crime in progress, and fire/explosion. Staff and students practice fire, earthquake, and the Code Red Lockdown each semester. Teachers and students are familiar with the procedures. Safety is high priority at Willows High School. The plan was reviewed and updated October 2023. A Campus Supervisor was added in the 22-23 school year, to help support the safety plan at Willows High School.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2022-23 Types of Services Funded

We are required to report financial data from the 2022-23 school year by the California Department of Education. More recent financial data is available on request from the district office. It is important to note when comparing Teacher and Administrative Salaries, these salaries include BOSS (Benefits on Salary Schedule).

Spending per Student:

Fiscal Year 2022-23 Types of Services Funded

To make comparisons possible across schools and districts of varying sizes, we first report our overall spending per student. We base our calculations on our average daily attendance (ADA) for the 2022-23 school year.

We've broken down expenditures by the type of funds used to pay for them. Unrestricted funds can be used for any lawful purpose. Restricted funds, however, must be spent for specific purposes set out by legal requirements or the donor. Examples include funding for instructional materials and teacher and principal training funds.

Next to the figures for the district and state averages, we show the percentage by which the school's spending varies from the district and state averages. For example, we calculate the school's variance from the district average using this formula:

Professional Development

Teachers take time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. For the whole staff we dedicate two full days before school started to allow the staff to prepare classroom instruction and build upon all their technology proficiency to provide the best possible instruction and learning experience. Time is set aside for their continuing education and professional development. Collaboration days are scheduled once a month to discuss and implement the direction for addressing pacing guides, essential standards, grading practices, common assessments, Social Emotional Learning practices, MAP growth for English and Math and overall student performance based on prior years' CAASPP scores, and also to excel with our WASC Accreditation. Staff Meetings are also held once a month. Professional Learning Communities and collaboration are an important part of our academic process because academic excellence is important to us.

In addition, professional development for staff members is encouraged and funded through the District's Professional Development Funds. This has allowed teachers and staff the opportunity to find subject/Department specific development and support rather than administration trying to find something that works well for the majority of the staff. It also allows for a more personalized approach which administration encourages.

This table displays the number of school days dedicated to staff development and continuous improvement.
