WILLOWS UNIFIED SCHOOL DISTRICT Office of the Superintendent

Date: May 2, 2024

Request For Placement on Board Agenda:

[X] ACTION [] INFORMATION

AGENDA TOPIC: Independent Auditors Report for Period Ending June

30, 2022 (2021-22)

PRESENTER: Debbie Costello, Director of Business Services

Background Information:

In accordance with Education Code section 41020.3, the governing board of Willows Unified School District (WUSD) must review and accept the prior year financial audit report. WUSD received a positive opinion from Christy White, CPA's as to the fair presentation of the District's annual financial statements, internal controls and federal compliance as of June 30, 2022.

Along with the opinion, the audit can be evaluated on findings of internal control and the number of audit adjustments required. WUSD received two findings for fiscal year 2020-22 and has provided corrective action plans for both which can be reviewed on pages 77 through 78 of the attached report.

No audit adjustments were necessary to be recorded into our 2021-22 financials.

Recommendations:

The administration requests the Board accept the fiscal year 2021-22 audit report as prepared by Christy White, Certified Public Accountants.

INDEPENDENT AUDITORS' REPORT

Governing Board Willows Unified School District Willows, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Willows Unified School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Willows Unified School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Willows Unified School District, as of June 30, 2022, and the respective changes in financial position and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Willows Unified School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Willows Unified School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Willows Unified School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Willows Unified School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, budgetary comparison information, schedule of changes in total OPEB liability and related ratios, schedules of proportionate share of net pension liability, and schedules of district contributions for pensions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Willows Unified School District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 25, 2024 on our consideration of the Willows Unified School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Willows Unified School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Willows Unified School District's internal control over financial reporting and compliance.

San Diego, California April 25, 2024

Christy White, Inc.

WILLOWS UNIFIED SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

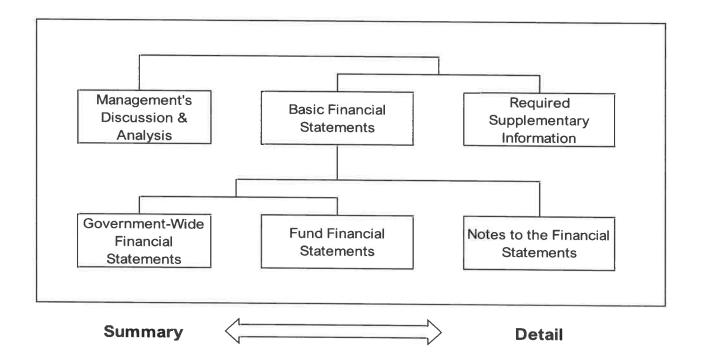

Our discussion and analysis of Willows Unified School District's (District) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2022. It should be read in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position was \$(3,591,463) at June 30, 2022. This was an increase of \$5,780,624 from the prior year.
- Overall revenues were \$25,477,025 which exceeded expenses of \$19,696,401.

OVERVIEW OF FINANCIAL STATEMENTS

Components of the Financial Section

OVERVIEW OF FINANCIAL STATEMENTS (continued)

Components of the Financial Section (continued)

This annual report consists of three parts – Management's Discussion and Analysis (this section), the basic financial statements, and required supplementary information. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives:

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the entity's overall financial position.
- Fund financial statements focus on reporting the individual parts of District operations in more detail. The fund financial statements comprise the remaining statements.
 - Governmental Funds provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The basic financial statements are followed by a section of required and other supplementary information that further explain and support the financial statements.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities, regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it has changed. Net position is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements of the District include governmental activities. All of the District's basic services are included here, such as regular education, food service, maintenance and general administration. Local control formula funding and federal and state grants finance most of these activities.

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE

Net Position

The District's net position was \$(3,591,463) at June 30, 2022, as reflected in the table below. Of this amount, \$(16,059,353) was unrestricted. Restricted net position is reported separately to show legal constraints from debt covenants and enabling legislation that limit the Governing Board's ability to use that net position for day-to-day operations.

		Go	vernr	nental Activit	ies	
		2022		2021		Net Change

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE (continued)

Changes in Net Position

The results of this year's operations for the District as a whole are reported in the Statement of Activities. The table below takes the information from the Statement and rearranges it slightly, so you can see our total revenues and expenses for the year.

	Governmental Activities							
		2022		2021		Net Change		
REVENUES	-							
Program revenues								
Charges for services	\$	304,670	\$	241,574	\$	63,096		
Operating grants and contributions		2,624,847		3,679,424		(1,054,577)		
General revenues						(,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,		
Property taxes		6,863,463		6,235,869		627,594		
Unrestricted federal and state aid		14,030,944		9,742,101		4,288,843

Plant services		2,211,513		2,608,379		(396,866)		
Ancillary and community services		690,288		296,818		393,470		
Debt service		333,496		331,906		1,590		
Other outgo		1,755,688		1,960,971		(205,283)		
Enterprise activities		1,022		_		1,022		
Total Expenses		19,696,401		21,240,322		(1,543,921)		
Change in net position		5,780,624		(67,346)		5,847,970		
Net Position - Beginning		(9,372,087)		(9,304,741)		(67,346)		
Net Position - Ending	\$	(3,591,463)	\$	(9,372,087)	\$	5,780,624		

The cost of all our governmental activities this year was \$19,696,401 (refer to the table above). The amount that our taxpayers ultimately financed for these activities through taxes was only \$6,863,463 because a portion of the cost was paid by other governments and organizations who subsidized certain programs with grants and contributions.

FINANCIAL ANALYSIS OF THE ENTITY AS A WHOLE (continued)

Changes in Net Position (continued)

In the table below, we have presented the net cost of each of the District's functions. Net cost shows the financial burden that was placed on the District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

	Net Cost of Services					
		2022		2021		
Instruction	\$	7,956,849	\$	8,038,697		
Instruction-related services		1,732,314		2,013,018		
Pupil services		913,826		974,996		
General administration		1,606,794		1,717,532

Debt service		333,496		331,906		
Transfers to other agencies		1,707,593		1,828,868		
Enterprise activities		12		-		
Total	\$	16,766,884	\$	17,319,324		

FINANCIAL ANALYSIS OF THE DISTRICT'S MAJOR FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed this year, its governmental funds reported a combined fund balance of \$13,002,168, which is more than last year's ending fund balance of \$9,589,111. The District's General Fund had \$564,185 more in operating revenues than expenditures for the year ended June 30, 2022. The District's Special Reserve Fund for Capital Outlay Projects had \$2,531,032 more in operating revenues than expenditures for the year ended June 30, 2022.

CURRENT YEAR BUDGET 2021-2022

During the fiscal year, budget revisions and appropriation transfers are presented to the Board for their approval on a regular basis to reflect changes to both revenues and expenditures that become known during the year. In addition, the Board of Education approves financial projections included with the Adopted Budget, First Interim, and Second Interim financial reports. The Unaudited Actuals reflect the District's financial projections and current budget based on State and local financial information.

CAPITAL ASSETS AND LONG-TERM LIABILITIES

Capital Assets

By the end of 2021-2022 the District had invested \$11,745,455 in capital assets, net of accumulated depreciation.

	Governmental Activities							
		2022		2021		Net Change		
CAPITAL ASSETS								
Land	\$	106,915	\$	106,915	\$	_		
Construction in progress		218,399		-		218,399

Less: Accumulated depreciation		(14,583,688)		(13,700,524)		(883,164)		
Total Capital Assets	\$	11,745,455	\$	10,976,442	\$	769,013		

Long-Term Liabilities

At year-end, the District had \$24,905,271 in long-term liabilities, a decrease of 27.76% from last year – as shown in the table below. (More detailed information about the District's long-term liabilities is presented in footnotes to the financial statements.)

	Governmental Activities								
		2022	2021	Net Change					
LONG-TERM LIABILITIES									
Total general obligation bonds	\$	7,455,132 \$	7,649,876	\$ (194,744)					
Qualified zone academy bonds		2,433,797	2,691,655	(257,858)

Net pension liability		8,789,958	16,935,723	(8,145,765)					
Less: current portion of long-term liabilities	-	(470,052)	(452,602)	(17,450)					
Total Long-term Liabilities	\$	24,905,271 \$	34,473,517						

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

At the time these financial statements were prepared and audited, the District was aware of several circumstances that could affect its future financial health.

In its September 2022 quarterly report, the UCLA Anderson Forecast stated the U.S. economy was likely to muddle along with below-trend growth and continued high inflation over the next twelve months. No recession is forecast at this time; however, the possibility still exists that persistent inflation and aggressive interest rate policy will lead to a hard landing of the economy, potentially triggering a recession. In California, defense spending and technology demands will likely keep the economy growing.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES (continued)

Fiscal policy for the funding of public education changes annually based on fluctuations in State revenues. The May 2022 Budget Revision includes total funding of \$128.3 billion (\$78.4 billion General Fund and \$49.9 billion other funds) for all K-12 education programs, additionally, the revised spending plan further accelerates the implementation of the "California for All Kids" plan, which is a whole-child support framework designed to target inequities in educational outcomes among students from different demographic backgrounds and empower parents and families with more options and services. The Proposition 98 Guarantee continues to be in Test 1 for 2021-22 and 2022-23. To accommodate enrollment increases related to the expansion of transitional kindergarten, the Governor's Budget proposed re-benching the Test 1 percentage to increase the percentage of General Fund revenues due to the Guarantee, from 38.03 percent to approximately 38.4 percent. The May Revision updates the increased Test 1 percentage from approximately 38.4 percent to approximately 38.3 percent. At May Revision, the 2022-23 cost-of-living adjustment (COLA) is updated to 6.56 percent, the largest COLA in the history of LCFF.

The District participates in state employee pensions plans, California State Teachers' Retirement System (CalSTRS) and California Public Employees' Retirement System (CalPERS) and both are underfunded. The District's proportionate share of the liability is reported in the Statement of Net Position as of June 30, 2022. The amount of the liability is material to the financial position of the District. The CalSTRS projected employer contribution rate for 2022-23 is 19.10 percent. The CalPERS projected employer contribution rate for 2022-23 is 25.37 percent. The projected increased pension costs to school employers remain a significant fiscal factor.

Enrollment can fluctuate due to factors such as population growth, competition from private, parochial, inter-district transfers in or out, economic conditions and housing values. Losses in enrollment will cause a school district to lose operating revenues without necessarily permitting the district to make adjustments in fixed operating costs.

All of these factors were considered in preparing the District's budget for the 2022-23 fiscal year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact the District Office: Willows Unified School District; 823 W. Laurel Street; Willows, CA 95988.

WILLOWS UNIFIED SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2022

Net Change in Fund Balances - Governmental Funds	\$	3,413,057
Amounts reported for governmental activities in the statement of activities are different from amounts reported in governmental funds because:		
Capital outlay:		
In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is: Expenditures for capital outlay: \$ 1,652,177 Depreciation expense: (883,164)		769,013
Debt service:		
In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:		442,858
Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period, was:		2,517
Compensated absences: In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measured by the amount earned. The difference between compensated absences paid and compensated absences earned, was:		(596)
Postemployment benefits other than pensions (OPEB):		
In governmental funds, OPEB expenses are recognized when employer OPEB contributions are made. In the statement of activities, OPEB expenses are recognized on the accrual basis. This year, the difference between OPEB expenses and actual employer OPEB contributions was:		(124,782)
Pensions:		
In governmental funds, pension costs are recognized when employer contributions are made. In the government-wide statement of activities, pension costs are recognized on the accrual basis. This year, the difference between accrual-basis pension costs and employer contributions was:		1,268,813
Amortization of debt issuance premium or discount:		
In governmental funds, if debt is issued at a premium or at a discount, the premium or discount is recognized as an Other Financing Source or an Other Financing Use in the period it is incurred. In the government-wide statements, the premium or discount is amortized over the life of the debt. Amortization of premium or discount for the period is:		9,744
Change in Net Position of Governmental Activities	•	E 700 604
	_\$	5,780,624

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Willows Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

The District operates under a locally elected Board form of government and provides educational services to grades K-12 as mandated by the state. A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments and agencies that are not legally separate from the District. For the District, this includes general operations, food service, and student-related activities.

B. Component Units

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has no such component units.

C. Basis of Presentation

Government-Wide Statements. The statement of net position and the statement of activities display information about the primary government (the District). These statements include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenue for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reserved for the statement of activities. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting of operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the District.

C. Basis of Presentation (continued)

Fund Financial Statements. The fund financial statements provide information about the District's funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Governmental funds are used to account for activities that are governmental in nature. Governmental activities are typically tax-supported and include education of pupils, operation of food service and child development programs, construction and maintenance of school facilities, and repayment of long-term debt.

Major Governmental Funds

General Fund: The General Fund is the main operating fund of the District. It is used to account for all activities except those that are required to be accounted for in another fund. In keeping with the minimum number of funds principle, all of the District's activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. A District may have only one General Fund.

Special Reserve Fund for Capital Outlay Projects: This fund exists primarily to provide for the accumulation of General Fund moneys for capital outlay purposes (*Education Code Section* 42840).

Non-Major Governmental Funds

Special Revenue Funds: Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The District maintains the following special revenue funds:

Student Activity Fund: This fund may be used to account for student body activities that do not meet the fiduciary criteria established in GASB Statement No. 84.

Cafeteria Special Revenue Fund: This fund is used to account separately for federal, state, and local resources to operate the food service program (*Education Code Sections* 38090–38093). The Cafeteria Special Revenue Fund shall be used only for those expenditures authorized by the governing board as necessary for the operation of the District's food service program (*Education Code Sections* 38091 and 38100).

Deferred Maintenance Fund: This fund is used to account separately for state apportionments and the District's contributions for deferred maintenance purposes (*Education Code Sections* 17582–17587). In addition, whenever the state funds provided pursuant to *Education Code Sections* 17584 and 17585 (apportionments from the State Allocation Board) are insufficient to fully match the local funds deposited in this fund, the governing board of a school district may transfer the excess local funds deposited in this fund to any other expenditure classifications in other funds of the District (*Education Code Sections* 17582 and 17583).

C. Basis of Presentation (continued)

Non-Major Governmental Funds (continued)

Capital Project Funds: Capital project funds are established to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Building Fund: This fund exists primarily to account separately for proceeds from the sale of bonds (Education Code Section 15146) and may not be used for any purposes other than those for which the bonds were issued. Other authorized revenues to the Building Fund are proceeds from the sale or lease-with-option-to-purchase of real property (Education Code Section 17462) and revenue from rentals and leases of real property specifically authorized for deposit into the fund by the governing board (Education Code Section 41003).

Capital Facilities Fund: This fund is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (Education Code Sections 17620–17626). The authority for these levies may be county/city ordinances (Government Code Sections 65970–65981) or private agreements between the District and the developer. Interest earned in the Capital Facilities Fund is restricted to that fund (Government Code Section 66006).

Debt Service Funds: Debt service funds are established to account for the accumulation of resources for and the payment of principal and interest on general long-term debt.

Bond Interest and Redemption Fund: This fund is used for the repayment of bonds issued for the District (*Education Code Sections* 15125–15262). The board of supervisors of the county issues the bonds. The proceeds from the sale of the bonds are deposited in the county treasury to the Building Fund of the District. Any premiums or accrued interest received from the sale of the bonds must be deposited in the Bond Interest and Redemption Fund of the District. The county auditor maintains control over the District's Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the county treasurer from taxes levied by the county auditor-controller.

D. Basis of Accounting - Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Net Position equals assets and deferred outflows of resources minus liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. The net position should be reported as restricted when constraints placed on its use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other activities results from special revenue funds and the restrictions on their use.

D. Basis of Accounting - Measurement Focus (continued)

Governmental Funds

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Governmental funds use the modified accrual basis of accounting.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, "available" means collectible within the current period or within 60 days after year-end. However, to achieve comparability of reporting among California school districts and so as not to distort normal revenue patterns, with specific respect to reimbursements grants and corrections to State-aid apportionments, the California Department of Education has defined available for school districts as collectible within one year.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from the grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Certain grants received that have not met eligibility requirements are recorded as unearned revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as unearned revenue.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time a liability is incurred. On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred, as under the accrual basis of accounting. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS, continued JUNE 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position</u>

Cash and Cash Equivalents

The District's cash and cash equivalents consist of cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include cash with county treasury balances for purposes of the statement of cash flows.

Investments

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost. Fair values of investments in county and State investment pools are determined by the program sponsor.

Lease Receivables

Lease receivables are measured at the present value of lease payments expected to be received during the lease term, reduced by any provision for estimated uncollectable amounts. An associated deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable, plus any prepayments at the beginning of the lease. The deferred inflow is amortized on a straight-line basis over the term of the lease.

Inventories

Inventories are valued at cost using average cost method. The costs of governmental fund-type inventories are recorded as expenditures when consumed rather than when purchased.

Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund is determined by its measurement focus. Capital assets are reported in the governmental activities column of the government-wide statement of net position, but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their acquisition value as of the date received. The District maintains a capitalization threshold of \$5,000. The District does not own any infrastructure as defined in GASB Statement No. 34. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. All reported capital assets, except for land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets.

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)</u>

Capital Assets (continued)

Depreciation is computed using the straight-line method over the following estimated useful lives:

Asset Class Land Improvements Buildings & Improvements Furniture & Equipment Estimated Useful Life 10 – 50 years 25 – 50 years 5 – 50 years

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "Due from other funds/Due to other funds." These amounts are eliminated in the governmental activities columns of the statement of net position.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignations and retirements that occur prior to year-end that have not yet been paid with expendable available financial resource. These amounts are recorded in the fund from which the employees who have accumulated leave are paid.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken because such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date July 1, 2021 Measurement Date June 30, 2022

Measurement Period July 1, 2021 to June 30, 2022

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)</u>

Postemployment Benefits Other Than Pensions (OPEB) (continued)

Gains and losses related to changes in total OPEB liability are recognized in OPEB expense systematically over time. The first amortized amounts are recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense. The amortization period differs depending on the source of gain or loss. The difference between projected and actual earnings is amortized on a straight-line basis over five years. All other amounts are amortized on a straight-line basis over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) at the beginning of the measurement period.

Premiums and Discounts

In the government-wide financial statements, long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method.

Deferred Outflows/Deferred Inflows of Resources

In addition to assets, the District will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the District will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the defined benefit pension plans (the Plans) of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance classification reflects amounts that are not in spendable form. Examples include inventory, prepaid items, the long-term portion of loans receivable, and nonfinancial assets held for resale. This classification also reflects amounts that are in spendable form but that are legally or contractually required to remain intact, such as the principal of a permanent endowment.

E. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, Fund Balance and Net Position (continued)</u>

Fund Balance (continued)

Restricted - The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification reflects amounts subject to internal constraints self-imposed by formal action of the Governing Board. The constraints giving rise to committed fund balance must be imposed no later than the end of the reporting period. The actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements. In contrast to restricted fund balance, committed fund balance may be redirected by the government to other purposes as long as the original constraints are removed or modified in the same manner in which they were imposed, that is, by the same formal action of the Governing Board.

Assigned - The assigned fund balance classification reflects amounts that the government *intends* to be used for specific purposes. Assignments may be established either by the Governing Board or by a designee of the governing body, and are subject to neither the restricted nor committed levels of constraint. In contrast to the constraints giving rise to committed fund balance, constraints giving rise to assigned fund balance are not required to be imposed, modified, or removed by formal action of the Governing Board. The action does not require the same level of formality and may be delegated to another body or official. Additionally, the assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned - In the General Fund only, the unassigned fund balance classification reflects the residual balance that has not been assigned to other funds and that is not restricted, committed, or assigned to specific purposes. However, deficits in any fund, including the General Fund that cannot be eliminated by reducing or eliminating amounts assigned to other purposes are reported as negative unassigned fund balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

F. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements. Interfund transfers are eliminated in the governmental activities columns of the statement of activities.

G. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

H. Budgetary Data

The budgetary process is prescribed by provisions of the California Education Code and requires the governing board to hold a public hearing and adopt an operating budget no later than July 1 of each year. The District governing board satisfied these requirements. The adopted budget is subject to amendment throughout the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption with the legal restriction that expenditures cannot exceed appropriations by major object account.

The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts after all budget amendments have been accounted for. For purposes of the budget, on-behalf payments have not been included as revenue and expenditures as required under generally accepted accounting principles.

I. Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County Auditor-Controller bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

J. New Accounting Pronouncements

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. This standard's primary objective is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The statement was postponed by GASB Statement No. 95 and is effective for periods beginning after June 15, 2021. The District has implemented this Statement as of June 30, 2022.

GASB Statement No. 91 – In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. This standard's primary objectives are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The statement was postponed by GASB Statement No. 95 and is effective for periods beginning after December 15, 2021. The District has not yet determined the impact on the financial statements.

GASB Statement No. 92 – In January 2020, GASB issued Statement No. 92, *Omnibus 2020*. This standard's primary objectives are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. A portion of this statement was effective upon issuance, while the majority of this statement was postponed by GASB Statement No. 95 and is effective for periods beginning after June 15, 2021. The District has fully implemented this Statement as of June 30, 2022.

J. New Accounting Pronouncements (continued)

GASB Statement No. 96 – In May 2020, GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for governments. This statement defines a SBITA; establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The statement is effective for periods beginning after June 15, 2022. The District has not yet determined the impact on the financial statements.

GASB Statement No. 97 – In June 2020, GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. This standard's primary objectives are to increase consistency and comparability related to reporting fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; to mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and to enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The statement is effective for periods beginning after June 15, 2021. The District has not yet determined the impact on the financial statements.

GASB Statement No. 99 - In April 2022, GASB issued Statement No. 99, Omnibus 2022. The objectives of this statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The statement addresses various practice issues, including: (a) clarification of provisions in Statement No. 87, Leases, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives, (b) disclosures related to nonmonetary transactions; clarification of provisions in Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, as amended, related to the focus of the government-wide financial statements, (c) terminology updates related to certain provisions of Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and (d) terminology used in Statement 53 to refer to resource flows statements. A portion of this statement was effective upon issuance, while the remaining portions of this statement were effective for periods beginning after June 15, 2022 and for periods beginning after June 15, 2023. The District has implemented the requirements that were effective upon issuance but has not yet determined the impact on the financial statements for the requirements of this statement that are not yet effective.

GASB Statement No. 100 – In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections* – an amendment of GASB Statement No. 62. The primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This statement is effective for periods beginning after June 15, 2023. The District has not yet determined the impact on the financial statements.

J. New Accounting Pronouncements (continued)

GASB Statement No. 101 – In June 2022, GASB issued Statement No. 101, *Compensated Absences*. The objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This statement is effective for periods beginning after December 15, 2023. The District has not yet determined the impact on the financial statements.

NOTE 2 - CASH AND INVESTMENTS

A. Summary of Cash and Investments

	Governmental			
	Activities			
Investment in county treasury	\$	14,099,258		
Cash on hand and in banks		242,762		
Cash in revolving fund		354,275		
Total	\$	14,696,295		

B. Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the state; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; collateralized mortgage obligations; and the County Investment Pool.

Investment in County Treasury – The District maintains substantially all of its cash in the County Treasury in accordance with *Education Code Section* 41001. The Glenn County Treasurer's pooled investments are managed by the County Treasurer who reports on a monthly basis to the board of supervisors. In addition, the function of the County Treasury Oversight Committee is to review and monitor the County's investment policy. The committee membership includes the Treasurer and Tax Collector, the Auditor-Controller, Chief Administrative Officer, Superintendent of Schools Representative, and a public member. The fair value of the District's investment in the pool is based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTE 2 - CASH AND INVESTMENTS (continued)

C. General Authorizations

Except for investments by trustees of debt proceeds, the authority to invest District funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies the investment types permitted by California Government Code.

	Maximum	Maximum	Maximum
	Remaining	Percentage of	Investment in
Authorized Investment Type	Maturity	Portfolio	One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U. S. Treasury Obligations	5 years	None	None
U. S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Corporate Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains a pooled investment with the County Treasury with a fair value of approximately \$14,067,599 and an amortized book value of \$14,099,258.

E. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investments in the County Treasury are not required to be rated. As of June 30, 2022, the pooled investments in the County Treasury were not rated.

NOTE 2 - CASH AND INVESTMENTS (continued)

F. Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2022, the District's bank balance was not exposed to custodial credit risk.

G. Fair Value

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonable available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Glenn County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements at June 30, 2022 were as follows:

Investment in county treasury \$ 14,067,599

Total \$ 14,067,599

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2022 consisted of the following:

	Gei	neral Fund	Governmental Activities		
Federal Government	4				
Categorical aid	\$	352,670	\$ 179,225	\$	531,895
State Government					,

Centralized data processing	3,461
All other general administration	32,323
Plant services	696,621
Ancillary services	1,019
Total	\$ 883,164

NOTE 5 - INTERFUND TRANSACTIONS

A. Interfund Receivables/Payables (Due From/Due To)

Individual interfund receivable and payable balances at June 30, 2022 were as follows:

Due To Other Funds		Due From Other Funds							
		eral Fund	Special Reserve Fund for Capital Outlay Projects					Total	
General Fund	\$	-	\$	-	\$	150,000	\$	150,000	
Non-Major Governmental Funds		58,192		297				58,489	
Total	\$	58,192	\$	297	\$	150,000	\$	208,489	
Due from the General Fund to the Deferred Maintenance Fur Due from the Cafeteria Fund to the General Fund for indirect Due from the Building Fund to the Special Reserve Fund for the Special	costs.		close the	fund.			\$	150,000 58,192 297	
Total							\$	208,489	

B. Operating Transfers

Interfund transfers for the year ended June 30, 2022 consisted of a transfer of \$297 from the Building Fund to the Special Reserve Fund for Capital Outlay Projects to close the fund.

NOTE 6 - ACCRUED LIABILITIES

Accrued liabilities at June 30, 2022 consisted of the following:

	Ger	neral Fund	Fund	ial Reserve for Capital ay Projects	Non-Major overnmental Funds	I	District-Wide	C	Governmental Activities
Payroll	\$	315,078	\$	-	\$ 33,586	\$		\$	348,664
Vendors payable		2,322,936		185,037	2,473		-		2,510,446
Unmatured interest							113,489		113,489
Total	\$	2,638,014	\$	185,037	\$ 36,059	\$	113,489	\$	2,972,599

NOTE 7 – UNEARNED REVENUE

Unearned revenue at June 30, 2022, consisted of the following:

	Ge	neral Fund
Federal sources	\$	372,858
State categorical sources		694,779
Total	\$	1,067,637

NOTE 8 – LONG-TERM LIABILITIES

A schedule of changes in long-term debt for the year ended June 30, 2022 consisted of the following:

	: Je	Balance uly 01, 2021	Additions	Deductions	Balance June 30, 2022		Balance Due In One Year
Governmental Activities							
General obligation bonds	\$	7,455,000	\$ -	\$ 185,000	\$ 7,270,000	\$	200,000
Unamortized premium		194,876	-	9,744	185,132	•	9,744
Total general obligation bonds		7,649,876		194,744	7,455,132		209,744
Qualified zone academy bonds		2,691,655	-	257,858	2,433,797		260,308
Compensated absences		112,754	596	-	113.350		-
Total OPEB liability		7,536,111	-	953,025	6,583,086		-
Net pension liability		16,935,723		8,145,765	8,789,958		
Total	\$	34,926,119	\$ 596	\$ 9,551,392	\$ 25,375,323	\$	470,052

- Payments for the general obligation bonds are made in the Bond Interest and Redemption Fund.
- Payments for qualified zone academy bonds are made in the General Fund.
- Payments for compensated absences are typically liquidated in the General Fund and the Non-Major Governmental Funds.

NOTE 8 – LONG-TERM LIABILITIES (continued)

A. General Obligation Bonds

In the November 2016 election, the citizens of the District approved the issuance and sale of not more than \$8,000,000 of general obligation bonds to finance the acquisition, construction, furnishing and equipping of District facilities in accordance with the bond proposition approved at the Election which includes the ballot measure and a project list. Under such voters' authorization, there has been one bond issuance (2017 Series A) with terms summarized as follows:

						Bonds					Bonds
	Issue	Maturity	Interest	Original	0	utstanding				Ot	itstanding
Series	Date	Date	Rate	Issue	J	uly 01, 2021	Additions		Deductions	Ju	ne 30, 2022
Election 2016, 2017 Series A	March 28, 2017	August 1, 2040	2.00% - 5.00%	\$8,000,000	\$	7,455,000	\$	-	\$ 185,000	\$	7,270,000
					\$	7,455,000	\$		\$ 185,000	\$	7,270,000

Debt service payments are made from property tax levy authorized by the voters.

The annual requirements to amortize these bonds and the remaining outstanding balance of Election 2016, 2017 Series A are as follows:

	General obligation bonds							
Year Ended June 30,		Principal		Interest		Total		
2023	\$	200,000	\$	264,750	\$	464,750		
2024		215,000		258,525		473,525		
2025		230,000		251,850		481,850		
2026		250,000		244,650		494,650		
2027		265,000		236,925		501,925		
2028 - 2032		1,620,000		1,051,044		2,671,044		
2033 - 2037		2,185,000		743,238		2,928,238		
2038 - 2041		2,305,000		236,550		2,541,550		
Total	\$	7,270,000	\$	3,287,532	\$	10,557,532

B. Qualified Zone Academy Bonds

On August 15, 2013, the District entered into a lease agreement with Public Property Financing Corporation of California under a Qualified Zone Academy Bond (QZAB) to provide financing in the maximum amount of \$3,955,000 for an educational program of the District, which consists of comprehensive lighting retrofit along with power generation including electrical distribution upgrades, and as funds permit, general building rehabilitation and repairs at Murdock Elementary School, Willows Intermediate School, and Willows High School. Semi-annual payments are to be made each June 16 and December 16, commencing December 16, 2013 and continuing through December 16, 2030. The interest rate is stated at 0.95% per year. The QZAB has payments as follows:

	QZAB								
Year Ended June 30,	Principal		t	nterest	Total				
2023	\$	260,308	\$	21,885	\$	282,193			
2024		262,781		19,400		282,181			
2025		265,277		16,892		282,169			
2026		267,797		14,360		282,157			
2027		270,341		11,803		282,144			
2028 - 2031		1,107,293		21,163		1,128,456			
Total	\$:	2,433,797	\$	105,503	\$	2,539,300			

NOTE 8 – LONG-TERM LIABILITIES (continued)

C. Compensated Absences

Total unpaid employee compensated absences as of June 30, 2022 amounted to \$113,350. This amount is included as part of long-term liabilities in the government-wide financial statements.

D. Other Postemployment Benefits

The District's beginning total OPEB liability was \$7,536,111 and decreased by \$953,025 during the year ended June 30, 2022. The ending total OPEB liability at June 30, 2022 was \$6,583,086. See Note 10 for additional information regarding the total OPEB liability.

E. Net Pension Liability

The District's beginning net pension liability was \$16,935,723 and decreased by \$8,145,765 during the year ended June 30, 2022. The ending net pension liability at June 30, 2022 was \$8,789,958. See Note 11 for additional information regarding the net pension liability.

NOTE 9 - FUND BALANCES

Fund balances were composed of the following elements at June 30, 2022:

	General Fund	Special Reserve Fund for Capital Outlay Projects	Non-Major Governmental Funds	Total Governmental Funds
Non-spendable				
Revolving cash	\$ 354,275	5 \$ -	\$ -	\$ 354,275

Prepaid expenditures	17,819	-	10,027	17,819
Total non-spendable	372,344		10,827	383,171
Restricted			10,027	000,171
Educational programs	3,456,554		_	3,456,554
Food service			256,843	256,843
Associated student body			240,078	240,078
Capital projects		3,302,612	380,532	3,683,144
Debt service		-,,-	654,437	654,437
Total restricted	3,456,554	3,302,612	1,531,890	8,291,056
Committed			.,,	5,201,000
Other commitments	1,040,711	-	296,808	1,337,519
Total committed	1,040,711	-	296,808	1,337,519
Assigned				1,007,010
Classified vacation accrual	75,000	-	-	75,000
Title I and Title II shortfall in 2022-2025	175,000	_	_	175,000
STRS and PERS increases in 2022-2025	210,000)	_	210,000
Total assigned	460,000			460,000
Unassigned	2,530,422	-		2,530,422
Total Fund Balance	\$ 7,860,031	\$ 3,302,612	\$ 1,839,525	\$ 13,002,168

The District is committed to maintaining a prudent level of financial resources to protect against the need to reduce service levels because of temporary revenue shortfalls or unpredicted expenditures. The District's Minimum Fund Balance Policy requires a Reserve for Economic Uncertainties, consisting of unassigned amounts, equal to no less than three percent of General Fund expenditures and other financing uses.

NOTE 10 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. Plan Description

The Willows Unified School District's defined benefit OPEB plan, Willows Unified School District's Retiree Benefit Plan (the Plan) is described below. The Plan is a single-employer defined benefit plan administered by the District. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

B. Benefits Provided

The eligibility requirements and benefits provided by the Plan are described below.

Certificated employees who have attained age 55 and have completed at least 15 years of service with the District are eligible to retire and receive District-paid medical, prescription drug, dental and vision coverage, for retiree and covered dependents, subject to an annual cap of \$11,611 (\$12,579 for retirements before July 1, 2014, and \$12,095 for retirements between July 1, 2014 and June 30, 2017). District-paid benefits end at age 65.

Classified employees who have attained age 55 and have completed at least 20 years of service with the District are eligible to retire and receive District-paid medical, prescription drug, dental and vision coverage, for retiree and covered dependents, subject to an annual cap of \$12,000 (\$11,611 for retirements before July 1, 2014). District-paid benefits end at age 65 for those hired on or after January 1, 1995, and continue for life for those hired before January 1, 1995.

Management and Confidential employees who have attained age 55 and have completed at least 16 years of service with the District are eligible to retire and receive District-paid medical, prescription drug, dental and vision coverage, for retiree and covered dependents, subject to an annual cap of \$12,000 (\$11,611 for retirements before July 1, 2014). District-paid benefits end at age 65 for those hired on or after January 1, 1995, and continue for life for those hired before January 1, 1995.

C. Contributions

For the measurement period, the District contributed \$475,227 to the Plan, all of which was used for current premiums.

D. Plan Membership

Membership of the Plan consisted of the following:

	Number of _participants
Inactive employees receiving benefits	40
Inactive employees entitled to but not receiving benefits*	_
Participating active employees	152
Total number of participants**	192

^{*}Information not provided

^{**}As of the July 1, 2021 valuation date

NOTE 10 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

E. Total OPEB Liability

The Willows Unified School District's total OPEB liability of \$6,583,086 was measured as of June 30, 2022 and was determined by an actuarial valuation as of July 1, 2021.

F. Actuarial Assumptions and Other Inputs

The total OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of July 1, 2021 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022:

Economic assumptions:

Inflation	2.50%
Salary increases	3.00%
Healthcare cost trend rates	6.50%

Non-economic assumptions:

Pre-retirement mortality rates were based on the RP-2014 Employee Mortality Table for Males or Females, as appropriate, without projection. Post-retirement mortality rates were based on the RP-2014 Health Annuitant Mortality Table for Males or Females, as appropriate, without projection

The actuarial assumptions used in the July 1, 2021 valuation were based on a review of plan experience during the period July 1, 2021 to June 30, 2022.

The discount rate was based on the Bond Buyer 20 Bond Index. The actuary assumed contributions would be sufficient to fully fund the obligation over a period not to exceed thirty years.

G. Changes in Total OPEB Liability

	June 30, 2022	
Total OPEB Liability		
Service cost	\$	254,885
Interest on total OPEB liability		148,605
Difference between expected and actual experience		152,652
Changes of assumptions		(1,033,940)
Benefits payments		(475,227)
Net change in total OPEB liability		(953,025)
Total OPEB liability - beginning		7,536,111
Total OPEB liability - ending	\$	6,583,086
Covered-employee payroll	\$	9,479,450
District's total OPEB liability as a percentage of covered-employee payroll		69.45%
		00.4070

NOTE 10 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (continued)

H. Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Willows Unified School District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.70 percent) or one percentage point higher (4.70 percent) than the current discount rate:

			\	/aluation			
	1%	1% Decrease		count Rate	1% Increase		
		(2.70%)		(3.70%)		(4.70%)	
Total OPEB liability	\$	7,155,035	\$	6,583,086	\$	6,079,288	

I. Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the total OPEB liability of the Willows Unified School District, as well as what the District's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower (5.50 percent) or one percentage point higher (7.50 percent) than the current healthcare cost trend rate:

			Valu	ation Trend			
	19	6 Decrease		Rate	1% Increase		
		(5.50%)		(6.50%)		(7.50%)	
Total OPEB liability	\$	6,392,375	\$	6,583,086	\$	6.753.868	

J. OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2022 the Willows Unified School District recognized OPEB expense of \$600,009. At June 30, 2022, the Willows Unified School District reported deferred outflows of resources related to OPEB and deferred inflows of resources related to OPEB from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and					
actual experience	\$	517,794	\$	-	
Changes in assumptions	9	930,964	Y. <u></u>	994,860	
Total	\$	1,448,758	\$	994,860	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	Deferred Outflows		Defe	red Inflows		
Year Ended June 30,	of Resources		of Resources		of F	Resources
2023	\$	334,050	\$	137,531		
2024		334,050		130,499		
2025		316,606		102,370		
2026		299,164		102,370		
2027		102,920		102,370		
Thereafter		61,968		419,720		
Total	\$	1,448,758	\$	994,860		

NOTE 11 - PENSION PLANS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS). The District reported its proportionate share of the net pension liabilities, pension expense, deferred outflow of resources, and deferred inflow of resources for each of the above plans as follows:

	et pension liability	outf	Deferred lows related pensions	r	erred inflows related to pensions	Pensi	on expense
STRS Pension	\$ 6,022,255	\$	3,294,864	\$	6,038,570	\$	320,530
PERS Pension	2,767,703		1,052,943		1,613,409		331,578
Total	\$ 8,789,958	\$	4,347,807	\$	7,651,979	\$	652,108

A. California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the California State Teachers' Retirement System (CalSTRS); a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom Blvd., Sacramento, CA 95826.

Benefits Provided

The CalSTRS defined benefit plan has two benefit formulas:

- 1. CalSTRS 2% at 60: Members first hired on or before December 31, 2012, to perform service that could be creditable to CalSTRS. CalSTRS 2% at 60 members are eligible for normal retirement at age 60, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. Early retirement options are available at age 55 with five years of credited service or as early as age 50 with 30 years of credited service. The age factor for retirements after age 60 increases with each quarter year of age to 2.4 percent at age 63 or older. Members who have 30 years or more of credited service receive an additional increase of up to 0.2 percent to the age factor, known as the career factor. The maximum benefit with the career factor is 2.4 percent of final compensation.
- 2. CalSTRS 2% at 62: Members first hired on or after January 1, 2013, to perform service that could be creditable to CalSTRS. CalSTRS 2% at 62 members are eligible for normal retirement at age 62, with a minimum of five years of credited service. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service. An early retirement option is available at age 55. The age factor for retirement after age 62 increases with each quarter year of age to 2.4 percent at age 65 or older.

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS, continued JUNE 30, 2022

NOTE 11 – PENSION PLANS (continued)

A. California State Teachers' Retirement System (CalSTRS) (continued)

Contributions

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 10.205% of their salary for fiscal year 2022, respectively, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2022 was 16.92% of annual payroll. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the District were \$1,376,539 for the year ended June 30, 2022.

On-Behalf Payments

The District was the recipient of on-behalf payments made by the State of California to CalSTRS for K-12 education. These payments consist of state general fund contributions of approximately \$851,073 to CalSTRS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the	
net pension liability	\$ 6,022,255
State's proportionate share of the net	
pension liability associated with the District	 3,030,229
Total	\$ 9,052,484

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2021, the District's proportion was 0.013 percent, which was an increase of 0.001 percent from its proportion measured as of June 30, 2020.

A. California State Teachers' Retirement System (CalSTRS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2022, the District recognized pension expense of \$320,530. In addition, the District recognized pension expense and revenue of \$528,166 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		 erred Inflows Resources
Differences between projected and			
actual earnings on plan investments	\$	-	\$ 4,763,759
Differences between expected and			,
actual experience		15,086	640,894
Changes in assumptions		853,289	· -
Changes in proportion and differences			
between District contributions and			
proportionate share of contributions		1,049,950	633,917
District contributions subsequent			
to the measurement date		1,376,539	-
Total	\$	3,294,864	\$ 6,038,570

The \$1,376,539 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	rred Outflows Resources	Deferred Inflows of Resources	
2023	\$ 692,936	\$	1,575,130
2024	619,098		1,449,150
2025	233,341		1,314,778
2026	161,546		1,492,105
2027	111,233		143,489
2028	 100,171		63,918
Total	\$ 1,918,325	\$	6,038,570

A. California State Teachers' Retirement System (CalSTRS) (continued)

Actuarial Assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

Consumer Price Inflation	2.75%
Investment Rate of Return*	7.10%
Wage Inflation	3.50%

^{*} Net of investment expenses, but gross of administrative expenses.

CalSTRS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are based on MP-2016 series tables adjusted to fit CalSTRS experience.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2015 through June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best-estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance–PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in January 2020 in conjunction with the most recent experience study. For each current and future valuation, CalSTRS' independent consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of expected 20-year geometrically linked real rates of return and the assumed asset allocation for each major asset class as of June 30, 2021, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-Term Expected Real Rate of Return*
Public Equity	42%	4.80%
Real Estate	15%	3.60%
Private Equity	13%	6.30%
Fixed Income	12%	1.30%
Risk Mitigating Strategies	10%	1.80%
Inflation Sensitive	6%	3.30%
Cash/Liquidity	2%	-0.40%
	100%	
+00		

^{*20-}year geometric average

A. California State Teachers' Retirement System (CalSTRS) (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates in accordance with the rate increases per AB 1469. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occur midyear. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.10 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10 percent) or 1-percentage-point higher (8.10 percent) than the current rate:

	1%		Current	1%
	 Decrease (6.10%)	Dis	count Rate (7.10%)	Increase (8.10%)
District's proportionate share of				
the net pension liability	\$ 12,259,157	\$	6,022,255	\$ 845,747

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalSTRS financial report.

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS, continued JUNE 30, 2022

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees' Retirement System (CalPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS); a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95811.

Benefits Provided

The benefits for the defined benefit plan are based on members' years of service, age, final compensation, and benefit formula. Benefits are provided for disability, death, and survivors of eligible members or beneficiaries. Members become fully vested in their retirement benefits earned to date after five years of credited service.

Contributions

Active plan members who entered into the plan prior to January 1, 2013, are required to contribute 7.0% of their salary. The California Public Employees' Pension Reform Act (PEPRA) specifies that new members entering into the plan on or after January 1, 2013, shall pay the higher of fifty percent of normal costs or 7.0% of their salary. Additionally, for new members entering the plan on or after January 1, 2013, the employer is prohibited from paying any of the employee contribution to CalPERS unless the employer payment of the member's contribution is specified in an employment agreement or collective bargaining agreement that expires after January 1, 2013.

The District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2022 was 22.91% of annual payroll. Contributions to the plan from the District were \$544,382 for the year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability of \$2,767,703 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. At June 30, 2021, the District's proportion was 0.014 percent, which was a decrease of 0.002 percent from its proportion measured as of June 30, 2020.

B. California Public Employees' Retirement System (CalPERS) (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2022, the District recognized pension expense of \$331,578. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		 rred Inflows Resources
Differences between projected and actual earnings on plan investments	\$	-	\$ 1,062,162
Differences between expected and			
actual experience		82,623	6,525
Changes in assumptions		-	-
Changes in proportion and differences between District contributions and			
proportionate share of contributions		425,938	544,722
District contributions subsequent			
to the measurement date		544,382	-
Total	\$	1,052,943	\$ 1,613,409

The \$544,382 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023 Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	red Outflows Resources	Deferred Inflow of Resources	
2023	\$ 291,002	\$	461,267
2024	216,057		429,506
2025	1,502		427,228
2026	 		295,408
Total	\$ 508,561	\$	1,613,409

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS, continued JUNE 30, 2022

NOTE 11 – PENSION PLANS (continued)

B. California Public Employees' Retirement System (CalPERS) (continued)

Actuarial Assumptions

The total pension liability was determined by applying update procedures to an actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50% Discount Rate 7.15%

Salary Increases Varies by Entry Age and Service

CalPERS uses custom mortality tables to best fit the patterns of mortality among its members. These custom tables are derived using CalPERS' membership data for all funds. The table includes 15 years of mortality improvements using the Society of Actuaries Scale 90% of scale MP 2016.

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period from 1997 to 2015.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, both short-term and long-term market return expectations as well as the expected pension fund cash flows were taken into account. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

B. California Public Employees' Retirement System (CalPERS) (continued)

Actuarial Assumptions (continued)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	Assumed Asset Allocation	Real Return Years 1 – 10*	Real Return Years 11+**
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.0%	-0.92%
	100.0%		

^{*}An expected inflation of 2.00% used for this period.

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. A projection of the expected benefit payments and contributions was performed to determine if assets would run out. The test revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for the Schools Pool. The results of the crossover testing for the Schools Pool are presented in a detailed report that can be obtained at CaIPERS' website.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.15 percent) or 1-percentage-point higher (8.15 percent) than the current rate:

	1%		Current	1%
	 Decrease (6.15%)	Dis	count Rate (7.15%)	Increase (8.15%)
District's proportionate share of the net pension liability	\$ 4,666,736	\$	2,767,703	\$ 1,191,098

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report.

^{**}An expected inflation of 2.92% used for this period.

NOTE 12 - COMMITMENTS AND CONTINGENCIES

A. Grants

The District received financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2022.

B. Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2022.

C. Construction Commitments

As of June 30, 2022, the District had no commitments with respect to unfinished capital projects.

NOTE 13 – PARTICIPATION IN JOINT POWERS AUTHORITIES

The District is a member of three joint powers authorities (JPAs). The first is the California's Valued Trust (CVT) to provide the District's health and welfare benefits; another is Golden State Risk Management Authority (GSRMA) to provide the District's property and liability coverage; and the final is the Schools Excess Liability Fund (SELF) to provide excess liability coverage. The relationship is such that the JPAs are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these financial statements. Audited financial statements are available from the respective entities.

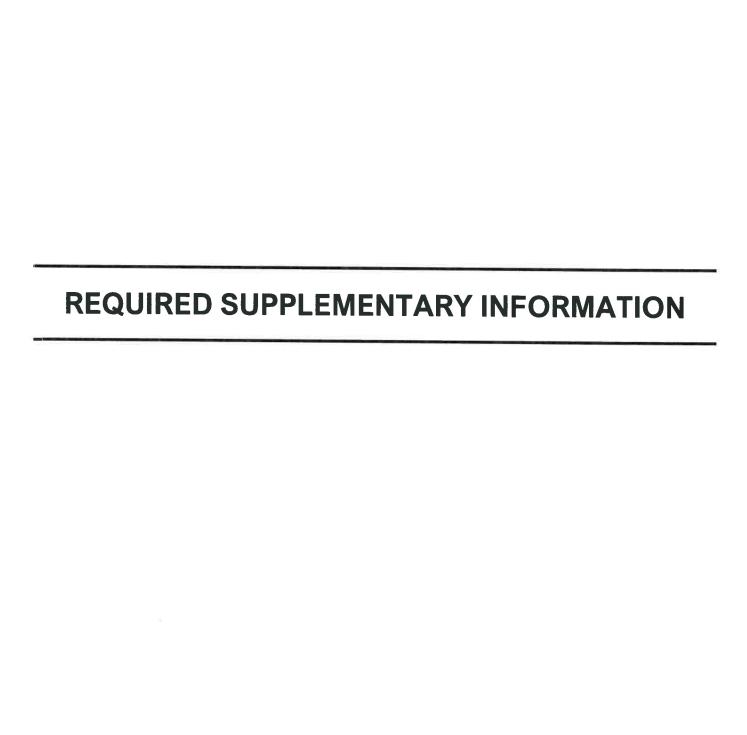

NOTE 14 - DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

A. Pension Plans

Pursuant to GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, the District recognized deferred outflows of resources related to pensions and deferred inflows of resources related to pensions in the District-wide financial statements. Further information regarding the deferred outflows of resources and deferred inflows of resources can be found at Note 11. At June 30, 2022, total deferred outflows related to pensions was \$4,347,807 and total deferred inflows related to pensions was \$7,651,979.

B. Other Postemployment Benefits

Pursuant to GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the District recognized deferred outflows of resources related to other postemployment benefits and deferred inflows of resources related to other postemployment benefits in the District-wide financial statements. Further information regarding the deferred outflows of resources and deferred inflows of resources can be found at Note 10. At June 30, 2022, total deferred outflows related to other postemployment benefits was \$1,448,758 and total deferred inflows related to other postemployment benefits was \$994,860.

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedule

This schedule is required by GASB Statement No. 34 as required supplementary information (RSI) for the General Fund and for each major special revenue fund that has a legally adopted annual budget. The budgetary comparison schedule presents both (a) the original and (b) the final appropriated budgets for the reporting period as well as (c) actual inflows, outflows, and balances, stated on the District's budgetary basis. A separate column to report the variance between the final budget and actual amounts is also presented, although not required.

Schedule of Changes in Total OPEB Liability and Related Ratios

This 10-year schedule is required by GASB Statement No. 75 for all sole and agent employers that provide other postemployment benefits (OPEB). Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 75 was applicable. The schedule presents the sources of change in the total OPEB liability, and the components of the total OPEB liability and related ratios, including the total OPEB liability as a percentage of covered-employee payroll.

Changes in Benefit Terms

There were no change in benefit terms since the previous valuation for OPEB.

Changes in Assumptions

The discount rate changed from 2.45% to 3.69% and healthcare trend rate changed from 4.50% to 6.50% since the previous valuation for OPEB.

Schedule of the District's Proportionate Share of the Net Pension Liability

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's proportion (percentage) of the collective net pension liability, the District's proportionate share (amount) of the collective net pension liability, the District's covered payroll, the District's proportionate share (amount) of the collective net pension liability as a percentage of the employer's covered payroll, and the pension plan's fiduciary net position as a percentage of the total pension liability.

Changes in Benefit Terms

There were no changes in benefit terms since the previous valuations for CalSTRS and CalPERS.

Changes in Assumptions

There were no changes in economic assumptions since the previous valuations for CalSTRS and CalPERS.

Schedule of District Contributions

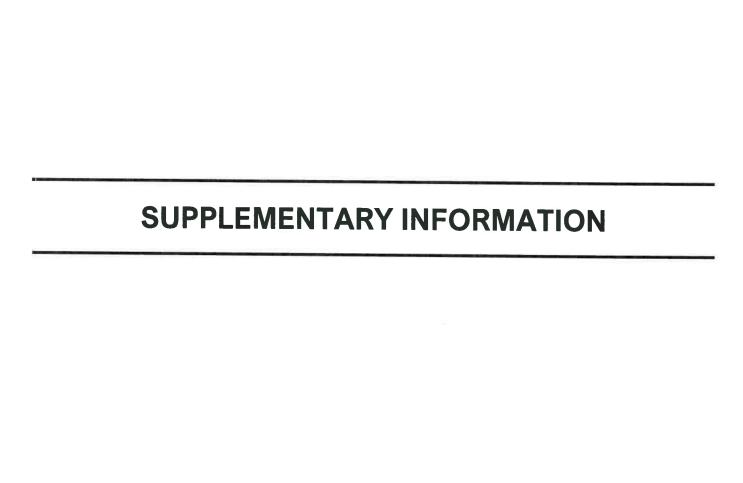

This 10-year schedule is required by GASB Statement No. 68 for each cost-sharing pension plan. Until a full 10-year trend is compiled, the schedule will only show those years under which GASB Statement No. 68 was applicable. The schedule presents the District's statutorily or contractually required employer contribution, the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution, the difference between the statutorily or contractually required employer contributions recognized by the pension plan in relation to the statutorily or contractually required employer contribution, the District's covered payroll, and the amount of contributions recognized by the pension plan in relation to the statutorily or contractually required employer contributions as a percentage of the District's covered payroll.

WILLOWS UNIFIED SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION, continued FOR THE YEAR ENDED JUNE 30, 2022

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2022, the District incurred an excess of expenditures over appropriations in individual major funds presented in the Budgetary Comparison Schedule by major object code as follows:

	 Expe	ndit	ures and Other	Use	S
	Budget		Actual		Excess

Attendance At P-2***		1,333	1,280	1,370	1,370

The General Fund ending fund balance has increased by \$446,181 over the past two years. The fiscal year 2022-23 budget projects a further increase of \$296,939. For a District this size, the State recommends available reserves of at least 3% of General Fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in two of the past three years and anticipates incurring an operating surplus during the 2022-23 fiscal year. Total long-term obligations have decreased by \$8,213,538 over the past two years.

Average daily attendance has decreased by 90 ADA over the past two years. An increase of 53 ADA is anticipated during the 2022-23 fiscal year.

On-behalf payments of \$851,073 are not included in the actual revenues and expenditures reported in this schedule.

^{*}Available reserves consist of all unassigned fund balance within the General Fund.

^{**}The actual amounts reported in this schedule are for the General Fund only, and do not agree with the amounts reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances because the amounts on that schedule include the financial activity of the Foundation Private-Purpose Trust Funds, in accordance with the fund type definitions promulgated by GASB Statement No. 54.

^{***}Due to the COVID-19 pandemic, Average Daily Attendance at P-2 was not reported in 2021. Funding was based on Average Daily Attendance at P-2 as reported in 2020.

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The following schedule provides reconciliation between revenues reported on the Statement of Revenue, Expenditures, and Changes in Fund Balance, and the related expenditures reported on the Schedule of Expenditures of Federal Awards. The reconciling amounts represent Federal funds that have been recorded as revenues in a prior year that have been expended by June 30, 2022 or Federal funds that have been recorded as revenues in the current year and were not expended by June 30, 2022.

	AL	
	Number	Amount
Total Federal Revenues reported in the		
Statement of Revenues, Expenditures, and		
Changes in Fund Balance		\$ 2,095,378
Child Nutrition: Supply Chain Assistance (SCA) Funds	15655	(37,482)
Total Expenditures reported in the Schedule of		
Expenditures of Federal Awards		\$ 2,057,896

The District has not elected to use the 10 percent de minimis indirect cost rate.

Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the District and whether the District complied with article 8 (commencing with section 46200) of chapter 2 of part 26 of the *Education Code*..

Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

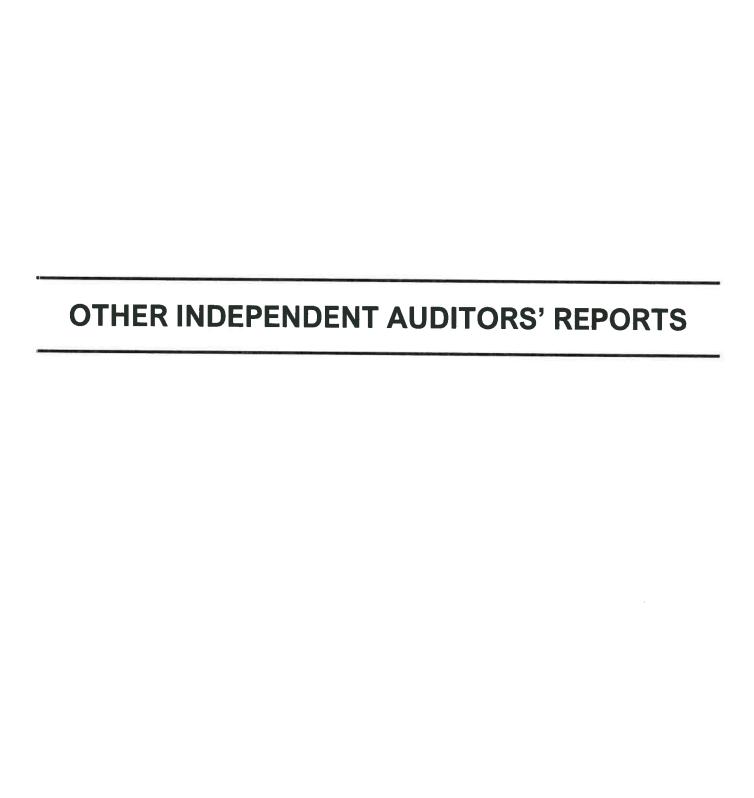

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Annual Financial and Budget Report Unaudited Actuals to the audited financial statements.

Combining Statements - Non-Major Funds

These statements provide information on the District's non-major funds.

Local Education Agency Organization Structure

This schedule provides information about the District's boundaries and schools operated, members of the governing board, and members of the administration.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditors' Report

Governing Board Willows Unified School District Willows, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Willows Unified School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Willows Unified School District's basic financial statements, and have issued our report thereon dated April 25, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Willows Unified School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Willows Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Willows Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Willows Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Independent Auditors' Report

Governing Board Willows Unified School District Willows, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Willows Unified School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Willows Unified School District's major federal programs for the year ended June 30, 2022. Willows Unified School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Willows Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Willows Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal program. Our audit does not provide a legal determination of Willows Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Willows Unified School District's federal programs.

Auditor's Responsibilities for the Audit for Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Willows Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Willows Unified School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
 evidence regarding Willows Unified School District's compliance with compliance requirements referred to
 above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Willows Unified School District's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of Willows Unified School District's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control Over Compliance (continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

April 25, 2024

Report on State Compliance and on Internal Control over Compliance for State Programs

Independent Auditors' Report

Governing Board Willows Unified School District Willows, California

Report on State Compliance

Opinion on State Compliance

We have audited Willows Unified School District's compliance with the types of compliance requirements described in the 2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed by Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of Willows Unified School District's state programs for the fiscal year ended June 30, 2022, as identified below.

In our opinion, Willows Unified School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the applicable state programs for the year ended June 30, 2022.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *2021-2022 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed by Title 5, *California Code of Regulations*, section 19810 as regulations (the K-12 Audit Guide). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of State Compliance section of our report.

We are required to be independent of Willows Unified School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on state compliance. Our audit does not provide a legal determination of Willows Unified School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of the laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Willows Unified School District's state programs.

Auditor's Responsibilities for the Audit of State Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the state compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Willows Unified School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the K-12 Audit Guide will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user of the report on compliance about Willows Unified School District's compliance with the requirements of the applicable state programs as a whole.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, and the K-12 Audit Guide, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
 evidence regarding Willows Unified School District's compliance with compliance requirements referred to
 above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Willows Unified School District's internal control over compliance relevant to the
 audit in order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the K-12 Audit Guide, but not for the purpose of
 expressing an opinion on the effectiveness of Willows Unified School District's internal control over
 compliance. Accordingly, no such opinion is expressed.
- Select and test transactions and records to determine Willows Unified School District's compliance with the state laws and regulations related to the following items:

DROCD AND NAME	PROCEDURES
PROGRAM NAME	PERFORMED
Local Education Agencies Other Than Charter Schools	
Attendance	Yes
Teacher Certification and Misassignments	Yes

Charter School Facility Grant Program	Not Applicable

The term "Not Applicable" is used above to mean either the District did not offer the program during the current fiscal year, the District did not participate in the program during the current fiscal year, or the program applies to a different type of local education agency.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies or material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are described in the accompanying schedule of findings and questioned costs as Findings #2022-001 and #2022-002. Our opinion on state compliance is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Willows Unified School District's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. Willows Unified School District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control Over Compliance (continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of State Compliance section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the K-12 Audit Guide. Accordingly, this report is not suitable for any other purpose.

71000	Teacher Misassignments
72000	School Accountability Report Card

FINDING #2022-001: CLASSROOM TEACHER SALARIES (61000)

Criteria: As set forth in California Education Code section 41372, a unified school district should expend a minimum of 55% of the District's current expenses of education towards salaries of classroom teachers.

Condition: In the 2021-22 fiscal year, the District did not meet the minimum percentage requirement of 55%. The District only spent 54.13% on classroom teacher salaries during the fiscal year.

Effect: The District's current expense of education for the year ended June 30, 2022 was \$16,094,188 and the total salaries and benefits for classroom teachers was \$8,711,327. The District was below the minimum required percentage of 55% by 0.87% which calculates out to a deficiency of \$140,019.

Cause: The deficiency was due to the large amount of one-time funding received.

Questioned Costs: The questioned costs are the deficiency of \$140.019.

Repeat Finding: Yes, this is a repeat of Finding #2021-002.

Recommendation: We recommend that in the future, the District monitor their expenses towards salaries of classroom teachers against their total expenses to be sure that they meet the 55% minimum requirement. Additionally, the District should work to file a waiver with CDE.

Corrective Action Plan: The District failed to meet this requirement due to the significant influx and expenditures of one-time COVID Relief funding during the 2021-22 fiscal year. Expenditures from these resources were in excess of \$1,132,000.00 with less than \$300,000.00 of those expenditures being for instructional staffing costs. This disproportionate expenditure of one-time funds resulted in the District falling just short of the required 55% CEA threshold for the 2021-22 fiscal year. Had subsequent guidance been provided prior to closing the books for 2021-22 that these expenditures could be excluded from the CEA calculation, the District would have exceeded the 55% threshold. The District will submit a waiver request to the Glenn County Office of Education for the 2021-22 fiscal year.

WILLOWS UNIFIED SCHOOL DISTRICT STATE AWARD FINDINGS AND QUESTIONED COSTS, continued FOR THE YEAR ENDED JUNE 30, 2022

FINDING #2022-002: SCHOOL ACCOUNTABILITY REPORT CARD (72000)

Criteria: School Accountability Report Cards (SARCs), should contain information regarding school facility conditions, as indicated in the most recently prepared facility inspection tool (FIT) form or a local evaluation instrument that meets the same criteria, as per Education Code Sections 33126(b)(8) and 1700(d).

Condition: During testing of a representative sample of 2020-21 SARCs posted in 2021-22, the following issues were noted regarding facilities conditions:

 Murdock Elementary School: Overall facility rating was 'fair' per the FIT form dated 11/05/21, however overall facility rating per the SARC was 'good'.

Effect: The District is not in compliance with the related sections of California Education Code.

Cause: Clerical error.

Questioned Cost: There are no questioned costs associated with this finding.

Repeat Finding: This is not a repeat finding.

Recommendation: We recommend the District to implement a process to accurately compile information included in the most recently prepared FIT forms.

Corrective Action Plan: This condition occurred due to misreading of the FIT report by the site administrator during the preparation of the SARC for Murdock Elementary School. The District has provided additional training and guidance to all site administrators who are responsible for compiling the SARC data to ensure the FIT reports and other data sources are understood and read correctly in the future. The District will take further steps to ensure the SARCS are reviewed more thoroughly by District administrative staff before they are presented for Board approval and publication to ensure similar circumstances are not repeated in the future.

WILLOWS UNIFIED SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2022

FINDING #2021-001: ATTENDANCE AND DISTANCE LEARNING (10000)

Criteria: In accordance with Education Code sections 43500-43504, the local education agency providing distance learning should adhere to the distance learning record keeping requirements, including documentation of weekly engagement records and daily participation. Condition: The school sites did not maintain adequate documentation of weekly engagement records for its students participating in distance learning during the week of January 25, 2021. This was noted at all school sites throughout the District.

Effect: The District is not in compliance with distance learning requirements. There was a total of 5 days in which the District was out of compliance.

Cause: The District struggled in its response to COVID-19, including staffing shortages and lack of professional development. District personnel were not fully aware of documentation requirements specific to distance learning offered during the 2020-21 school year. Questioned Cost: The total distance learning penalty amounts to \$3,850 as calculated below using guidance available from the California Department of Education (CDE):

	Calculating the Cost of a Distance Learning Audit						
Item Number	Penalty	×	1–3	4-6	7-8	ዋ	9-12
1	Affected grade level(s)	X	1-3	4-6	7-8	ტ	9-12
2	Days out of Compliance	5	15	15	10	2(
3	Number of Days Required to be Offered	180	180	180	180	18	0
4	Derived Value of ADA by Grade Span	\$ 10,537.68	\$ 10,537.68	\$ 9,688.77	\$ 10,537.68 \$ 10,537.68 \$ 9,688.77 \$ 9,976.28 \$ 11,862.48	\$ 11,8	362.48
5	Distance Learning Penalty	\$ 293	293 \$ 878 \$	\$ 807 \$		554 \$	1,318
9	Total Distance Learning Penalty	A/N	A/A	N/A	N/A \$	•	3,850

Repeat Finding: This is not a repeat finding.

WILLOWS UNIFIED SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS, continued FOR THE YEAR ENDED JUNE 30, 2022

FINDING #2021-001: ATTENDANCE AND DISTANCE LEARNING (10000) (continued)

Recommendation: We recommend that the District ensure that school site personnel are properly trained and ensure the most updated information and guidance available from the CDE is implemented with respect to attendance procedures applicable to the school year. Corrective Action Plan: The Director of Curriculum, Instruction and Assessment and the Attendance and Data Management Technician are now working more closely with school site personnel to ensure they are properly trained and to ensure the most updated information and guidance from the CDE is implemented with respect to attendance procedures applicable to each school year. Regular and frequent training, collaboration, and review of site attendance practices and data are now occurring to prevent a recurrence of this issue.

Status: Implemented.

FINDING #2021-002: CLASSROOM TEACHER SALARIES (61000)

Criteria: As set forth in California Education Code section 41372, a unified school district should expend a minimum of 55% of the District's current expenses of education towards salaries of classroom teachers. Condition: In the 2020-21 fiscal year, the District did not meet the minimum percentage requirement of 55%. The District only spent 52.73% on classroom teacher salaries in the 2020-21 fiscal year. Effect: The District's current expense of education for the year ended June 30, 2021 was \$14,759,785 and the total salaries and benefits for classroom teachers was \$7,783,130. The District was below the minimum required percentage of 55% by 2.27% which calculates out to a deficiency of \$335,047.

Cause: The deficiency amount was due to the large amount of one-time funding received.

Questioned Costs: The questioned costs are the deficiency of \$335,047.

Repeat Finding: Not a repeat finding.

Recommendation: We recommend that in the future, the District monitor their expenses towards salaries of classroom teachers against their total expenses to be sure that they meet the 55% minimum requirement. In addition, the District should file a waiver with Glenn County Office of Education.

WILLOWS UNIFIED SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS, continued FOR THE YEAR ENDED JUNE 30, 2022

FINDING #2021-002: CLASSROOM TEACHER SALARIES (61000) (continued)

Corrective Action Plan: The District understood that there would be unilateral exemptions or suspension of the CEA minimum percentage for 2020-2021 due to the influx of one-time funding for COVID relief. The District expended \$1,938,928.39 in COVID relief funding of which only \$468,002.28 was for teachers' salaries and benefits. When the expenditure of COVID relief funds are excluded from the calculation, the District would have exceeded the required 55% threshold for unified school districts. As the one-time funds were intended for safety and COVID mitigation costs, not excluding them from the calculation results in punitive actions to those districts that expended the funding as required. The District will be submitting an Application for Exemption from the Required Expenditures for Classroom Teachers' Salaries with the Glenn County Office of Education.

Willows Unified School District Analysis of CEA for the 2020-21 Fiscal Year

	Per CEA	Resources 32xx, 742x	CEA w COVID \$ excluded	
Current expense of education 14,759,785.00	14,759,785.00	1,938,928.39	12,820,856.61	
Total salaries and beneifts for				
classroom teachers	7,783,129.61	468,002.28	7,315,127.33	
Percentage:	52.73%		22.06%	
Required Percentage:	22.00%		55.00%	
Deficiency	2.27%		-2.06% Exceeds Required %	

Status: Not implemented. See Finding #2022-001.
