WILLOWS UNIFIED SCHOOL DISTRICT Office of the Superintendent

Date: 10/8/15

Request For Placement on Board Agenda:

AGENDA TOPIC (Action Item): GANN LIMIT RESOLUTION 2015-16-03

PRESENTER: Debby Beymer, Director of Business Services

Background Information:

November 1979, California voters approved Proposition 4, an initiative that added Article XIII B to the California Constitution. This constitutional amendment, known as the GANN initiative, placed limits on growth of expenditures for publicly funded programs. Division 9 of Title I, beginning with Section 7900 of the Government Code, was then added to law to specify the process for calculating state and local government appropriation limits and appropriation subject to limitation under Article XIII B of the Constitution. These constitutional and statutory sections explain and define the appropriations limit and appropriations subject to limitation as they apply to state and local governments, and require that each entity of government formally adopt its appropriations limit for a given fiscal year.

Education Code 1629 and 42132 specify by September 15th of each year the governing boards of districts shall adopt a resolution identifying their estimated appropriations limits for the current year and their actual appropriation limit for the preceding year. Board action on this item is concurrent with the approval of school districts unaudited/actuals reports.

Recommendations:

Adopt Resolution for 2014-15 actuals and 2015-16 budget.

BEFORE THE BOARD OF EDUCATION WILLOWS UNIFIED SCHOOL DISTRICT COUNTY OF GLENN, STATE OF CALIFORNIA

RESOLUTION #2015-16-03

RESOLUTION FOR ADOPTING THE "GANN LIMIT"

WHEREAS, in November of 1979, the California electorate did adopt Proposition 4, commonly called the Gann Amendment, which added Article XIIIB to the California Constitution; and,

WHEREAS the provisions of the article establish maximum appropriations limitations, commonly called "Gann Limits", for public agencies including school districts; and,

WHEREAS the District must establish a Gann Limit for the 2014-15 school year and a projected Gann Limit for the 2015-16 fiscal year in accordance with the provisions of Article XIII-B and applicable statutory law;

NOW, THEREFORE, BE IT RESOLVED that this Board does provide public notice that the attached calculations and documentation of the Gann Limit for the 2014-15 and 2015-16 fiscal years are made in accord with applicable constitutional and statutory law;

AND, BE IT FURTHER RESOLVED that this Board does hereby declare that the appropriations in the Budget for the 2014-15 and 2015-15 fiscal years do not exceed the limitations imposed by Proposition 4;

AND, BE IT FURTHER RESOLVED that the Superintendent provides copies of this resolution along with the appropriate attachments to interested citizens of this district.

PASSED AND ADOPTED this 8th Day of October, 2015, by the following vote:

AYES:

NOES:

ABSENT:

President, Board of Education

ATTEST:

Clerk/Secretary, Board of Education

I, _______, Clerk/Secretary of the Board of Education of the Willows Unified School District, County of Glenn, do hereby certify the foregoing to be a full, true and correct copy of a resolution adopted by said Board at a meeting held at its regular meeting place on October 8, 2015, which action is contained in the minutes of the meeting of said Board.

The Gann Limit Calculation—2015

The Gann Limit (named for Paul Gann, the author of Proposition 4, which amended the State Constitution to establish this limit) is intended to constrain the growth in state and local government spending by linking year-to-year changes in expenditures to changes in inflation (represented by per capita personal income) and caseloads (represented by average daily attendance [ADA] for schools). Established in 1979 following the enactment of Proposition 13 and subsequently amended by Proposition 111, the Gann Limit has become a largely pro forma calculation that no longer constrains governmental expenditures. This is because the limit has grown significantly faster than appropriations subject to the limit.

Current law (Education Code section 42132) requires that on or before September 15 of each year, the governing board of each school district adopt a resolution to identify the appropriations limit for the district for the preceding fiscal year. The resolution must be adopted at a regular or special meeting of the governing board.

The state's Standardized Account Code Structure (SACS) software includes the Gann Limit calculation, making your task reasonably simple. The software includes the statewide factor for per capita personal income change of 3.82%, but each district will have to enter the workload factor, which is the change in Second Principal Apportionment (P2) ADA from 2013-14 to 2014-15. The combination of these factors yields the change in your district's Gann Limit.

The next step is to determine how much of your district's local resources are subject to that limit. It is important to understand that not all revenue sources count against your district's Gann Limit. Gann Limits only constrain the appropriations from state and local tax sources, so federal aid is excluded, as well as nontax income, such as revenues from cafeteria sales, adult education fees, and foundations.

Perhaps the easiest way to understand this calculation is to envision the dollar amount of your district's Gann Limit as a bucket. For example, if your current year Gann Limit is \$50 million, picture a bucket that can hold \$50 million. First, put into this bucket local property taxes that count toward your Local Control Funding Formula entitlement, as well as an appropriate portion of your district's interest income. Next, pour all of the district's other unrestricted state aid into this bucket. Under state law (Government Code [G.C.] Section 7906), the amount of state aid that fills up the bucket counts toward your district's Gann Limit, while the amount that overflows the bucket counts toward the state's Gann Limit. In addition, all state aid for categorical programs always counts toward the state's Gann Limit.

Through this process, as much state aid as possible counts toward school agency Gann Limits. By reducing the amount of state aid that counts toward the state's Gann Limit in this manner, this process helps the state avoid being over its Gann Limit.

Through this calculation, the revenues of nearly every local education agency are exactly at their Gann Limit. Furthermore, if any school agency should, for any reason, find itself over its Gann Limit, that agency may adopt a governing board resolution increasing its Gann Limit by the amount needed and then inform the Director of the California Department of Finance, who shall then reduce the state's Gann Limit by an equal dollar amount (reference G.C. Section 7902.1).

To summarize, school agencies are required to perform Gann Limit calculations by the California State Constitution. Also, it is important that school agencies complete these calculations to identify how much state aid counts toward the local agency's Gann Limit, so that the state of California knows how much state aid counts toward its own Gann Limit. Be sure to double check your entries. Because of the severe cuts to education funding during the Great Recession, the Gann Limit should not pose a problem for most districts this year.

[Note: The California Department of Education's software and instructions are available through the SACS2015ALL software as a supplemental form here. The functionality within the SACS software allows for an extract from the school agency's uploaded data into the Gann Limit form. However, it is important to review the completed form for accuracy and any necessary board action (i.e., resolution).]

-Robert Miyashiro
