

California Department of Education  
**AGRICULTURAL CAREER TECHNICAL EDUCATION INCENTIVE GRANT  
APPLICATION FOR SPECIALIZED GRANT FUNDING**  
(Due Date: To be received in Regional Supervisor's Office by November 15, 2017)

**DATES OF PROJECT DURATION - JULY 1, 2017, TO JUNE 30, 2018**

Willows High School  
(School Site)

Willows Unified School District  
(District)

**Certification:** I hereby certify that all applicable state and federal rules and regulations will be observed; that to the best of my knowledge, the information contained in this application is correct and complete; and that the attached assurances are accepted as the basic conditions in the operations in this project/program for local participation and assistance.

Contact Phone Number: 530-934-6611

Date of Approval of Local Agency Board: 11/8/2017

**CRITERIA FOR SELECTION:**

1. Site must have matched original Agriculture Career Technical Education Incentive Grant Application.
2. Site shall not have received Specialized Agricultural Career Technical Education Incentive Grants totaling more than \$10,000 within the past three years. For example, if a site received an \$8,000 grant last year, then they are eligible for up to \$2,000 this year.
3. Site must be able to match the Specialized Agricultural Career Technical Education Incentive Grant.
4. Site must show expenditures that are unique in nature, i.e. purchasing new equipment for a computer lab, science lab, mechanics laboratory, etc.
5. Site must attach detailed budget to this application.

Total Amount of Funds Requested (Maximum of \$10,000) \$10,000.00

**PART A - Please describe in detail the proposed use of funds (use additional pages if needed).**

We plan to purchase a 16ft aluminum gooseneck trailer to transport livestock and welding projects for the students in our program. Features of this trailer include eight removable pens, a slip resistant floor, a fold down ramp, and low air slats to improve air flow for all livestock. The attached quote is just over \$20,000 and we have asked our Ag Boosters to help with this difference in cost.

PART B - How will this project improve the local program? (Use additional pages if needed.)

Our current trailer is over twenty five years old and has been repaired multiple times over the years to insure the safety of our student's projects. We have seen an increase in the number of project exhibitors, and many of these exhibitors do not have the support or resources needed to transport their projects. This trailer will replace an antiquated trailer. The layout of this proposed purchase will allow us to be more efficient in hauling livestock projects, as well as ensure the safety of the projects being transported. (ex. individual pens to prevent fighting between hogs.) Portable pens are a key component of this trailer as it allows us more control to ensure that animals are not fighting in the trailer and more efficiency in hauling projects. Last year we were able to replace our school pick-up, and now we have the capability to haul a trailer that will better meet the needs of our students and our program for years to come.

PART C - FINANCIAL SCHEDULE\*

Line	Acct. No.	Classification	A Description of Item for Which Funds will be Expended	B Incentive Grant Funds	C Matching Funds
1	4000	Books & Supplies			
2			Subtotal for 4000	<b>\$0.00</b>	<b>\$0.00</b>
3	5000	Services and Other Operating Expenses such as: Services of Consultants, Staff Travel, and Conferences; Rentals, Leases, and Repairs; Bus Transportation	1.
