Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Willows Unified School District (WUSD) plans on using state and federal funds to help:

- Optimize the conditions of student learning by providing a broad courses of study taught by highly competent, effective teachers who will maintain instructional programs that are standards-aligned, intellectually challenging, and developmentally appropriate for all learners while using appropriate instructional materials in well-maintained school facilities.
- Provide high-quality classroom instruction and curriculum that promotes college and career readiness with academic interventions in place to better ensure student success.

Based on local and state data, WUSD plans to use state and federal funds to support the Teacher Induction Program; provide Professional Development for staff/teachers; maintain facilities that are safe and in good repair; increase student and parental involvement; and expand positive behavioral interventions(PBIS), while promoting excellent student engagement and attendance. In addition, WUSD will continue to provide instructional aide assistance for one-to-one support, intervention before and after school, and enhanced counseling services for all students.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Willows Unified School District (WUSD) will evaluate the alignment of activities funded by local, state, and federal funds through the hiring of external auditors to review pertinent records and related data in order to validate our financial status and maintain credibility and assurance of compliance.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

The Willows Unified School District uses the CALPADS report (1.1) to determine how many students qualify for free and reduced meals. Those counts are used to describe our poverty criteria.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

All our teachers in Willows Unified School District (WUSD) are appropriately credentialed for the subject areas they teach (0- ineffective teachers, 8-Inexperienced teachers, 0- out of field teachers). School Administrators support beginning and/or ineffective teachers by providing professional development opportunities, teacher mentors, and other support services from outside consultants to make sure teachers have the tools necessary to ensure learning in their classroom on a daily basis. This and strategies are included in our LCAP and addressed in our LCAP Advisory meeting, DELAC/ELAC meetings, and Foster/Homeless Youth meetings. In these meetings, parents and community members hear from our ELD teachers, our Foster/Homeless Youth Liaisons, and other experts about the strategies that the district is currently doing to meet the needs of all students and subgroups, and then are asked to give input. Input is routinely collected, reviewed, and discussed; prior to being placed into the LCAP where necessary. When reviewing WUSD's Equity gap analysis, 8 out of 80 teachers (10%) meet the criteria for classification as "inexperienced" as defined by ESSA regulations. These 8 teachers are in their first or second year of teaching.

Willows Unified School District (WUSD) identifies disparities that result in low-income and minority students being taught at higher rates than other students by ineffective, inexperience, or out-of-field teachers largely from reporting elements within our student information system. These reports are printed in the second week of school which shows us how many subgroups are with the teachers. At the secondary level, the data is broken down by teacher and period. With this data, the administrators look to see that all subgroups are divided among all our teachers (since they're all credential appropriately), and are in compliance with state regulations. It is also shared with our County Office who helps us monitor teacher equity and will provide additional direction to us if we're not meeting educator equity. If there are any identified disparities, the administrators lets the Superintendent know for guidance, and then works with his secretaries and registrar to place students correctly. Parents are notified of immediate changes. There was no data that indicated that one subgroup was taught more by an ineffective teacher or identified disparities, where low-income students and minority students were being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

On November 6, 2019, the SBE approved updated definitions for "ineffective" and "out-of-field" teachers to be included in the amended California ESSA Consolidated State Plan.

Term	Definition
Ineffective teacher	<p>An ineffective teacher is any of the following:</p> <ul style="list-style-type: none"> • An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or • A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned) • An individual who holds no credential, permit, or authorization to teach in California. <p>Under this definition, teachers with the following limited emergency permits would be considered ineffective:</p> <ul style="list-style-type: none"> • Provisional Internship Permits, • Short-Term Staff Permits • Variable Term Waivers <p>Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record</p>
Out-of-field teacher	<p>A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of the field:</p> <ul style="list-style-type: none"> • General Education Limited Assignment Permit (GELAP) • Special Education Limited Assignment Permit (SELAP) • Short-Term Waivers

	<ul style="list-style-type: none"> • Emergency English Learner or Bilingual Authorization Permits <p>Local Assignment Options (except for those made pursuant to the <i>California Code of Regulations</i>, Title 5, Section 80005[b])</p>
Inexperienced Teacher	A teacher who has two or fewer years of teaching experience.
Minority Student	A student who is American Indian/Alaska Native, Asian, African American, Filipino, Native Hawaiian/Pacific Islander, Hispanic, or Two or More Races Not Hispanic.
Low-Income Student	A student who is eligible to receive Free or Reduced-Price Meals

Describe how the LEA will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (ESSA Section 1116(e)(3))
5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))
6. Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand (ESSA Section 1116(e)(5))
7. Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request (ESSA Section 1116(e)(14)).
8. Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Willows Unified School District (WUSD) was not identified for Comprehensive Support and Improvement (CSI). Three schools were identified for Additional Targeted Support and Improvement (ATSI); Murdock Elementary, Willows Intermediate, and Willows High School. With the initial notification of ATSI by the County Office of Education, the initial support action by the County Office, Superintendent, Director of Instructional Support Services, and Director of Curriculum, Instruction, and Assessment, and site administrators; included reviewed the Dashboard data, identifying immediate concerns for English Learner and Students with Disabilities for academic achievement and chronic absenteeism. With a subsequent root-cause analysis and input gathered from staff and educational partners, plans were drafted to address these concerns. Follow-up actions included sharing the data, information, and plans at staff meetings, School Site Councils, DELCA/ELAC meetings, and LCAP Advisory. Moreover, plans were reviewed and adjusted as needed, and then written in each sites School Plan for Student Achievement.

The Willows Unified School District (WUSD) serves four schools: one elementary, one middle school, one high school, and one alternative high school. Under Section 1116, the WUSD will employ multiple strategies to implement effective parent and family engagement. Extensive research underscores the vital importance of parental engagement in education. Students who benefit from active parental involvement demonstrate greater academic achievement and exhibit enhanced adaptability within the school environment. Thus, as one of WUSD's LCAP goals, WUSD will foster a climate of student engagement, involvement, and connectedness that will be demonstrated through strong attendance and graduation rates, as well as opportunities for meaningful student, parent, and community involvement and input.

Collaboration: The first engagement strategy involves dynamically collaborating with parents by actively recruiting and seeking parents from at least one targeted subgroup to be members of one or more existing leadership committees; as evidenced by phone calls, logs, memos, etc. In addition, our schools place a priority on encouraging our staff to build ties with our schools, parents, and the community-at-large. At schools, parents are given opportunities to participate on the School Site Council, the District English Language Advisory Committee, the site-level English Language Advisory Committee, and/or the LCAP Advisory. The first three groups are responsible for viewing and providing input for their school's Single Plan for Student Achievement, which contains programs and expenses related to federal funding, and collaboration on schools identified for CSI or ATSI. Overall, all of the listed committees play a role in reviewing, participating, and providing meaningful consultation as educational partners to the District's LCAP. In partnerships with school and district staff, parent leaders approve each school's Title I Parent and Family Engagement Policy and School-Parent Compact at School Site Council. In addition, each school has its own Parent Teacher Student Association that volunteers time and resources to help the schools raise needed funds for a particular program or site-specific need. They're also involved in making sure that parents voices are heard and share ideas with the site administrators. Parents are encouraged to be part of the LCAP Advisory, which meets once every other month, to discuss changes and updates in state and federal programs/policies, LCFF funding, academic achievement, community engagement, as well as share ideas and voice their opinions in school decision making. Moreover, WUSD also provides professional development to all staff members to vertically align curriculum, coach, and support teacher/practitioner growth to increase student learning and technology use in the classroom. Contingent upon funding, WUSD provides teachers, staff, and administrators, opportunities for professional development that supports quality pedagogy/instructional planning, CAASPP/CAST training, and effective utilization of data; as well as opportunities for staff to become trauma-informed and investigate other evidence-based strategies (e.g., Positive Behavior Support and Intervention Supports, Restorative Practices and Justice, etc.).

Communication: The second engagement strategy involves school and district communications with parents and families through multiple methods to address concerns, needs, interests, and/or to update parents on school events and activities. Families receive myriad of information related to how well their students are doing through report cards, state testing, attendance, etc. They also receive phone calls and emails through the District's messaging system that keep parents up to date with current events at each school site. Materials sent home and/or phone calls are also translated in Spanish. Text messages are utilized for parents who use the app, Remind101. In addition, parents can also check the District and schools' websites in order to determine what is currently happening at each school and to stay informed at all times. Moreover, parents can utilize the Aeries Parent Portal to check on their child's grades and to email teachers. Teachers and staff are also encouraged to reach out to parents. This may be done through phone calls, emails, conferences, and letters. With the district transition to AERIES Parent Square in 2023/24, staff and parents will receive the benefits of all that was previously listed above, through one platform that features the ability for open, two-way communication. Furthermore, parents are welcomed and encouraged to drop by any time to speak with administrators or to come see what is happening in their child's education. Throughout the year, many events happen at each school that allow the parents to be involved and participate in activities that will help improve their child's achievement. These activities include parent education nights (e.g. PIQE, training using Parent Portals in Aeries, FAFSA completion support, Parent Literacy Nights, Information nights for undocumented subgroups, etc.), at which, parents meet teachers, learn more about the curriculum, learn how to stay connected to their child's school, and learn literacy skills to support their students at home. Translators are routinely provided for families that do not speak English.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Willows Unified School District (WUSD) has a population of 80% that are Socioeconomically Disadvantaged. All schools in the district operate School-wide programs and follow the regulations as outlined in the Every Student Succeeds Act (ESSA). Willows Unified School District works with Glenn County Office of Education to provide after-school tutorial known as SPARK (Supporting Participation in Academics and Recreation for Kids) for all our elementary and middle school students, especially for neglected and/or delinquent children. In addition, this program is bolstered by the Expanded Learning Opportunities Program (ELO-P), providing 30 days of additional instruction and enrichment, to the school year. The following are a list of services SPARK provides:

- Academics: Homework help, tutoring in reading and math, academic games and activities.
- Enrichment: Hands-on learning in science, prevention activities, field trips, guest speakers, theme areas, clubs, arts & crafts, music, drama, cooking, karate, Girl Scouts, Boy Scouts, and more.
- Recreation: Physical and recreational activities, basketball, soccer, freeze tag and freeze football, and free play on play ground.
- Afternoon snack: A nutritious snack is provided for each SPARK session.
- Service learning/community service: Special events for senior citizens, special school projects, and youth development.
- Special events: There will be a variety of special events at the sites. [Click here](#) to find out about special events at your school site.

At the high schools, tutorial is provided everyday before school, during lunch, and after-school by a certificated teacher and available to all students.

DISTRICT: Identifying eligible children most in need of services:

- Assist schools in identifying eligible Title I students using multiple measures and hosting meetings with staff, teachers, stakeholders for identifying students in need of services (DELAC, ELAC, CIA Advisory, Management Meetings, SIP Coaches' Meeting, LCAP Advisory and surveys, etc.).
- Provide an online School Plan for Student Achievement (SPSA) template that addresses all required elements needed to upgrade the entire school's academic program.
- Assist schools in revising or reformatting their submitted SPSA to meet the components for SWP prior to obtaining Board approval.
- Guide schools in review, evaluation, and revision of their school plan annually based on current student academic achievement data.
- School visits are held throughout the entire school year to analyze data, evaluate past action steps and activities, develop new action plans based on current data, and align all resources to support action plans.
- Work with GCOE as the outside entity to provide technical assistance in addressing the required components for SWP.
- Provide workshops to parents on topics related to partnering with schools to support students' high academic achievement.

SCHOOL: Identifying eligible children most in need of services:

- Teachers and school leaders work together through a team (Grade-Level Intervention Team) to review grades and assess students who are not performing where they need to be. Then the team decides on a plan for those students. There is a meeting held for these students and their parents, along with their teachers/paraprofessionals, about what the students can do to meet grade level standard. If parents cannot make it for a meeting, a letter is sent home with ideas of strategies the student's teachers will do to help them succeed.

Homeless Children and Youth Services

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Every year, during the data confirmation process and in the students' First Day Packet, WUSD sends home a student Residency Questionnaire to help identify eligible homeless students. During the 2022/23 school year, data obtained via the data confirmation and Residency Questionnaires returned back to the District identified 42 students who could be considered homeless. Once students are identified as homeless, the counselors work with teachers to make sure that these students are given priority in counseling services, tutoring, etc. WUSD has a Foster and Homeless Liaisons at each school site, who check up on students on a regular basis (enrollment and relationship bonding with these students) and report back to the County's Social Worker if they noticed a decline in attendance and grades. Our Foster and Homeless Liaisons also coordinate with the Glenn County Office of Education's Foster Youth Services Coordinating Program to ensure that programs and services for foster/homeless youths are complementary, as well as share data and information among courts, child welfare, probation, and education agencies as necessary to support the educational success of students. Students are given vouchers and other necessary items (transportation, tutoring, backpacks, school supplies, etc.) from WUSD and the Glenn County Office of Education to help support these students outside of school. WUSD also provides comprehensive training and resources for foster/homeless youth, specific staff at the school site and district level for student support, as well as more generalized professional development opportunities for all educators and administrators on child welfare and foster care.

Our Foster/Homeless Youth Liaisons meet once every month to discuss concerns and/or celebrations of this population. The Liaisons work across schools and county resources to make sure that these students are passing their classes and are given the services that they need. They work with the counselors and teachers to help keep the students on track, as well as stay current and in compliance. The County's social worker also checks in with this population and works with the liaisons and counselors to make sure that these students are successful in school. Through the County services, once a month, a Foster/Homeless Family night is hosted in the county to keep parents involved and up to date on information and changes in state regulations.

Student Transitions

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) through coordination with institutions of higher education, employers, and other local partners; and
- (B) through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

NA for Early Childhood Education Programs

Willows Intermediate School provides an orientation day each spring to support elementary school students transition to middle school. Students become familiar with the WIS campus, learn how to use lockers, learn the rules of the school, and meet teachers and other students.

Willows High School provides an orientation day program for students and an evening program for parents each spring to support middle school students' transition to high school. Students, as well as parents, become familiar with the campus, learn the rules of the school, examine what classes are offered, and meet teachers and other staff members. Impacted by pandemic mitigation and when available, eighth grade students also attend the Glenn County CTE Fair, at which, high school students from the CTE Programs present CTE pathways to incoming freshmen.

Willows Unified School District (WUSD) and Butte Community College continue to collaborate in order to offer college courses that are aligned to the CA State standards of high school courses. These courses meet graduation requirements, add an enriched curriculum, and offer additional options for high school students who are pursuing a high school diploma, career preparation, and a smooth transition to college.

WUSD also provides CTE Pathways at the high school in which students are provided with strong experiences in the industry in which they are interested in studying or pursuing; through hands-on classroom activities, industry tours, and on-the-job worksite training via CTE Community Classrooms and CTE Cooperative Vocational Education. Students are provided training in their career fields of study through work training using industry specific technology and experiential learning opportunities. Students receive classroom safety orientation prior to training in the field and comprehensive safety training in the work site environment. In addition, all students in high school must pass a one semester course of Career Education, prior to graduation. In this course, the students explore careers, complete job search activities, and investigate job retention skills. Counselors meet with students and their parents on an individual basis to discuss the students' four year academic plans and related issues. The school counselor remains a strong advocate for Career and Technical Education. Each year, students are given written information related to all CTE courses in order to aid them in registering for courses for the following year. All CTE pathways have developed a brochure that is given out to all interested students

Additional Information Regarding Use of Funds Under this Part

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

THIS ESSA PROVISION IS ADDRESSED BELOW:

NA for Gifted and Talented Students

Each school in WUSD has a full time Media Specialist who works directly with students and teachers to provide access to information, research materials, and recreational resources. They coordinate with teachers to provide educational lesson plans that center on digital literacy and improve students' confidence in digital citizenship.
